

UNITED STATES  
DEPARTMENT OF THE INTERIOR  
BUREAU OF LAND MANAGEMENT

Issuing Office Wyoming State Office
Serial Number WYW-177893, WYW-17789301, COC-72929, COC-7292901, UTU-87238, UTU-8723801, NVN-86732, NVN-8673201

**RIGHT-OF-WAY GRANT/  
TEMPORARY USE PERMIT**

1. A right-of-way is hereby granted, pursuant to Title V of the Federal Land Policy and Management Act of October 21, 1976 (90 Stat. 2776; 43 U.S.C.1761).

2. Nature of Interest:

a. By this instrument, the Holder:      TransWest Express LLC  
555 Seventeenth Street, Suite 2400  
Denver, CO 80202

receives a right to construct, operate, maintain, and terminate (decommission) the TransWest Express Transmission Project consisting of an extra-high voltage transmission line; ground electrode facilities; converter stations; overhead electrical lines; fiber optic communication lines and optical signal regeneration facilities; and access roads on public lands described as follows:

See Exhibit A: Legal Descriptions and Exhibit B: Right-of-Way Maps

b. The right-of-way area granted under Serial Numbers WYW-177893, COC-72929, UTU-87238, NVN-86732 herein for a term of 30 years includes:

- 1) Transmission line –The transmission line right-of-way is 250 feet wide, 456.8 miles (2,412,432 feet) long for a total of 13,833.4 acres, more or less;
- 2) Ancillary facilities consisting of ground electrode facilities, terminals, design option stations and substations, and design option ground electrode facilities located outside the transmission line right-of-way, including any overhead electrical lines and access roads associated with these ancillary facilities consisting of 1,482 acres, more or less;
- 3) Access roads and spur roads outside the 250 foot transmission right-of-way are 50 feet wide and total 768.3 miles (4,056,624 feet) long, for a total of 4,591.8 acres, more or less;
- 4) Communications System– A network of 12 to 15 fiber optic communication and regeneration sites, included within the 250-foot-wide transmission line right-of-way and ancillary facilities, and microwave facilities at each terminal.

Acreage associated with items 1 – 4 above, was determined by geographic information system calculations and represents the actual federal acres included in this grant.

c. The right-of-way area granted under Serial Numbers WYW-17789301, COC-7292901, UTU-8723801, NVN-8673201 herein for a term of 10 years includes:

- 1) Temporary Construction Sites – Temporary construction sites will include batch plants, fly yards, material yards, mid span/optical ground wire sites, pulling and tensioning areas, and work areas, totaling 588.9 acres, more or less.

Acreage associated with the item 1 above, was determined by geographic information system calculations and represents the actual federal acres included in this grant.

d. This instrument shall terminate on December 31, 2047, unless, prior thereto, it is relinquished, abandoned, terminated, or modified pursuant to the terms and conditions of this instrument or of any

applicable Federal law or regulation. The temporary construction area portion of this instrument shall terminate ten years after issuance of the grant, on December 31, 2027.

- e. Both terms of this instrument may be renewed by the Authorized Officer. The Holder is required to submit an application for renewal at least 120 calendar days prior to the expiration date of the portion of the instrument that the Holder wishes to have renewed. The Authorized Officer will review the application for renewal to ensure the Holder is complying with the terms, conditions, and stipulations of this instrument and applicable laws and regulations. If renewed, the right-of-way shall be subject to BLM's regulations existing at the time of renewal and any other terms and conditions that the Authorized Officer deems necessary to protect the public interest.
- f. Notwithstanding the renewal, expiration, relinquishment, abandonment, or termination of this instrument, the provisions of this instrument, to the extent applicable, shall continue in effect and shall be binding on the Holder, its successors, or assigns, until they have fully satisfied the obligations and/or liabilities accruing herein before or on account of the renewal, expiration, relinquishment, abandonment, or termination of this authorization.

3. Rental:

For and in consideration of the rights granted, the Holder agrees to pay the Bureau of Land Management fair market value rental as determined by the Authorized Officer unless specifically exempted from such payment by regulation. Provided, however, that the rental may be adjusted by the Authorized Officer, whenever necessary, to reflect changes in the fair market rental value as determined by the application of sound business management principles, and so far as practicable and feasible, in accordance with comparable commercial practices.

4. Terms and Conditions:

- a. This grant or permit is issued subject to the Holder's compliance with all applicable laws and regulations and, in particular, with the regulations contained in Title 43 Code of Federal Regulations (CFR) Part 2800.
- b. Upon grant termination by the Authorized Officer, all improvements shall be removed from the public lands within 180 days, or otherwise disposed of as provided in paragraph (4)(d) or as directed by the Authorized Officer.
- c. Each grant issued pursuant to the authority of paragraph (1)(a) for a term of 20 years or more shall, at a minimum, be reviewed by the Authorized Officer at the end of the 20th year and at regular intervals thereafter not to exceed 10 years. Provided, however, that a right-of-way or permit granted herein may be reviewed at any time deemed necessary by the Authorized Officer.
- d. The stipulations, plans, maps, or designs set forth in exhibits A (Legal Descriptions), B (Right-of-Way Maps), C (Stipulations), attached hereto, and the approved Record of Decision Plan of Development (POD, dated November 2015, as modified April 2016) are incorporated into and made a part of this instrument as fully and effectively as if they were set forth herein in their entirety.
- e. Failure of the Holder to comply with applicable law or any provision of this right-of-way grant or permit shall constitute grounds for suspension or termination thereof.

The Holder shall perform all operations in a good and workmanlike manner so as to ensure protection of the environment and the health and safety of the public.

IN WITNESS WHEREOF, The undersigned agrees to the terms and conditions of this right-of-way grant or permit.

- sec. 20, NW1/4NE1/4, S1/2NE1/4, NE1/4SW1/4, and N1/2SE1/4;

**Legal Descriptions**

Exhibit A

- sec. 21, SW1/4NW1/4 and N1/2SW1/4.
- T. 13 S., R. 2 W.,
  - sec. 13, S1/2SE1/4;
  - sec. 19, lots 16, 17, 25, and 28, and NW1/4SE1/4;
  - sec. 20, NW1/4SW1/4 and N1/2SE1/4;
  - sec. 21, SW1/4NE1/4, S1/2NW1/4, N1/2SW1/4, and N1/2SE1/4;
  - sec. 22, NW1/4SW1/4;
  - sec. 24, NE1/4, E1/2SW1/4, and N1/2SE1/4.
- T. 13 S., R. 3 W.,
  - sec. 25, S1/2NE1/4 and S1/2NW1/4;
  - sec. 26, SE1/4NE1/4 and S1/2NW1/4;
  - sec. 28, NE1/4NE1/4, SW1/4NE1/4, and S1/2NW1/4;
  - sec. 29, NE1/4, E1/2NW1/4, unsurveyed;
  - sec. 30, lot 2, SW1/4NE1/4, unsurveyed.
- T. 13 S., R. 4 W.,
  - sec. 25, S1/2NE1/4;
  - sec. 26, lots 1, 2, 3, 5, and 6, S1/2NE1/4, SE1/4NW1/4, and NE1/4SW1/4;
  - sec. 27, lot 3.
- T. 14 S., R. 4 W.,
  - sec. 5, lots 1 and 2, SW1/4NE1/4, and NW1/4SE1/4;
  - sec. 18, NE1/4SE1/4.
- T. 13 S., R. 2 E.,
  - sec. 3, SE1/4SW1/4 and SE1/4SE1/4.

The areas described aggregate 105.5 acres. The ROW is 50-foot wide by 17.6 miles in length.

**Temporary Facilities related to 600 kV Transmission Line outside of Long-Term Right-of-Way:**

Salt Lake Meridian, Utah

- T. 13 S., R. 3 W.,
  - sec. 28, SW1/4NE1/4.
- T. 13 S., R. 4 W.,
  - sec. 26, lot 5, SE1/4NE1/4, SE1/4NW1/4, and NE1/4SE1/4.
- T. 14 S., R. 4 W.,
  - sec. 5, S1/2NE1/4 and NW1/4SE1/4;
  - sec. 18, NE1/4SE1/4.
- T. 14 S., R. 5 W.,
  - sec. 13, S1/2SE1/4;
  - sec. 22, SE1/4SE1/4;
  - sec. 27, N1/2NE1/4.

The areas described aggregate 26.5 acres.

**Design Option 2 Ground Electrode Facilities, Overhead Electrode Line, and Access Roads:**

Salt Lake Meridian, Utah

- T. 14 S., R. 9 W.,
  - sec. 17, S1/2SW1/4;
  - sec. 18, lot 2, SE1/4NW1/4, NE1/4SW1/4, and SE1/4;
  - sec. 20, NW1/4NE1/4, S1/2NE1/4, and N1/2NW1/4;
  - sec. 21, SW1/4NW1/4, N1/2SW1/4, NW1/4SE1/4, and S1/2SE1/4;
  - sec. 22, SW1/4SW1/4;
  - sec. 27, NW1/4, NE1/4SW1/4, NW1/4SE1/4, and S1/2SE1/4;

**Legal Descriptions**

Exhibit A

- sec. 28, NE1/4NE1/4;
- sec. 34, NE1/NE1/4;
- sec. 35, NW1/4NW1/4, S1/2NW1/4, NE1/4SW1/4, NW1/4SE1/4, and S1/2SE1/4.

T. 13 S., R. 10 W.,

- sec. 35, SE1/4SW1/4 and S1/2SE1/4.

T. 14 S., R. 10 W.,

- sec. 1, lots 3 and 4, S1/2NW1/4, and SW1/4;
- sec. 11, E1/2NE1/4 and E1/2SE1/4;
- sec. 12, S1/2SW1/4;
- sec. 13, N1/2NE1/4, SE1/4NE1/4, and NE1/4NW1/4.

The areas described aggregate 337.3 acres.

The areas described aggregate 576.6 acres. The ROW is 50-feet wide by 96.5 miles in length.

**Temporary Facilities related to 600 kV Transmission Line outside of Long-Term Right-of-Way:**

Salt Lake Meridian, Utah

T. 15 S., R. 5 W.,

sec. 3, SW1/4NW1/4;  
sec. 4, SE1/4NE1/4 and NE1/4SE1/4.

T. 15 S., R. 8 W.,

sec. 1, S1/2NW1/4, NW1/4SW1/4;  
sec. 21, SE1/4NE1/4, NE1/4SE1/4;  
sec. 22, SW1/4NW1/4, NW1/4SW1/4.

T. 15 S., R. 9 W.,

**Legal Descriptions**

Exhibit A

- sec. 24, SW1/4NE1/4 and SE1/4NW1/4;
- sec. 33, W1/2NE1/4 and SE1/4NW1/4.
- T. 16 S., R. 9 W.,
  - sec. 5, N1/2SE1/4;
  - sec. 19, SE1/4NW1/4 and NE1/4SW1/4.
- T. 20 S., R. 9 W.,
  - sec. 27, W1/2SE1/4.
- T. 21 S., R. 9 W.,
  - sec. 33, SE1/4NW1/4 and NE1/4SW1/4.
- T. 22 S., R. 9 W.,
  - sec. 19, SE1/4SE1/4;
  - sec. 20, SW1/4SW1/4;
  - sec. 30, SE1/4NE1/4 and NE1/4SE1/4.
- T. 23 S., R. 9 W.,
  - sec. 6, SE1/4SW1/4 and W1/2SE1/4.
- T. 17 S., R. 10 W.,
  - sec. 27, SW1/4NW1/4.
- T. 19 S., R. 10 W.,
  - sec. 22, NE1/4SW1/4 and NW1/4SE1/4.
- T. 24 S., R. 10 W.,
  - sec. 10, S1/2SW1/4.
- T. 24 S., R. 11 W.,
  - sec. 26, unsurveyed.

The areas described aggregate 75.9 acres.

**Design Option Station/Substation Facilities, Interconnection Lines, and Access Roads:**

Salt Lake Meridian, Utah

- T. 15 S., R. 7 W.,
  - sec. 3, S1/2NE1/4 and SE1/4.

The area described contains 60.2 acres.

**Design Option Ground Electrode Facilities, Overhead Electrode Line, and Access Roads:**

Salt Lake Meridian, Utah

- T. 15 S., R. 8 W.,
  - sec. 6, lot 7;
  - sec. 7, lot 1, S1/2NE1/4, E1/2NW1/4, NE1/4SE1/4;
  - sec. 8, W1/2SW1/4;
  - sec. 17, W1/2NW1/4, W1/2SW1/4;
  - sec. 18, SE1/4SE1/4;
  - sec. 19, E1/2NE1/4;
  - sec. 20, NW1/4NW1/4.
- T. 15 S., R. 9 W.,
  - sec. 1, lots 7 and 8, SW1/4NE1/4, SE1/4NW1/4, N1/2SE1/4, SE1/4SE1/4.

The areas described aggregate 50.8 acres.

**Sanpete County, Utah**

**600 kV Transmission Line Long-Term Right-of-Way:**

Salt Lake Meridian, Utah

- T. 13 S., R. 2 E.,

**Legal Descriptions**

Exhibit A

sec. 12, NE1/4NE1/4.

The areas described aggregate 7.7 acres. The ROW is 250-feet wide by 0.3 miles in length.

**Access Roads for 600 kV Transmission Line outside of Long-Term Right-of-Way:**

Salt Lake Meridian, Utah

T. 13 S., R. 2 E.,

sec. 10, SE1/4SE1/4;

sec. 11, SE1/4NE1/4, S1/2NW1/4, N1/2SW1/4, SW1/4SW1/4, and E1/2SE1/4;

sec. 12, NE1/4NE1/4;

sec. 14, NE1/4NE1/4;

sec. 15, NE1/4NE1/4.

T. 12 S., R. 3 E.,

sec. 1, lot 3, S1/2NW1/4, and NW1/4SW1/4.

T. 13 S., R. 3 E.,

sec. 7, SE1/4SE1/4.

The areas described aggregate 24.1 acres. The ROW is 50-feet wide by 4.0 miles in length.

**Uintah County, Utah**

**600 kV Transmission Line Long-Term Right-of-Way:**

Salt Lake Meridian, Utah

T. 6 S., R. 19 E.,

sec. 25, S1/2NE1/4 and S1/2NW1/4;

sec. 26, S1/2NE1/4, S1/2NW1/4, and NW1/4SW1/4;

sec. 27, lots 6, 7, and 8.

T. 6 S., R. 20 E.,

sec. 28, NW1/4NW1/4, S1/2NW1/4, NE1/4SW1/4, W1/2SE1/4, and SE1/4SE1/4;

sec. 29, N1/2NE1/4, SE1/4NE1/4, and NW1/4;

sec. 30, lot 2, S1/2NE1/4, and SE1/4NW1/4;

sec. 33, NE1/4NE1/4;

sec. 34, NW1/4NW1/4, S1/2NW1/4, NW1/4SE1/4, and S1/2SE1/4;

sec. 35, SE1/4SE1/4.

T. 7 S., R. 20 E.,

sec. 1, lots 1 thru 4;

sec. 3, lot 1.

T. 7 S., R. 21 E.,

sec. 3, S1/2SW1/4 and S1/2SE1/4;

sec. 4, S1/2SW1/4 and S1/2SE1/4;

sec. 5, lot 12, NW1/4SW1/4, SE1/4SW1/4, and S1/2SE1/4;

sec. 6, lots 3, 4, 5, 9, 18, 19, and 20;

sec. 10, N1/2NE1/4 and NE1/4NW1/4;

sec. 11, N1/2NE1/4 and N1/2NW1/4;

sec. 12, N1/2NE1/4 and N1/2NW1/4.

T. 7 S., R. 22 E.,

sec. 5, S1/2SW1/4 and SW1/4SE1/4;

sec. 6, lots 15 and 16, SE1/4SW1/4, and S1/2SE1/4;

sec. 7, lots 1 and 2, N1/2NE1/4, and NE1/4NW1/4;

sec. 8, N1/2NE1/4 and N1/2NW1/4;

sec. 9, N1/2NE1/4, SE1/4NE1/4, and N1/2NW1/4;

sec. 10, S1/2NE1/4, NW1/4NW1/4, and S1/2NW1/4;

**Legal Descriptions**

Exhibit A

sec. 11, S1/2NE1/4, S1/2NW1/4, N1/2SW1/4, and NW1/4SE1/4;  
sec. 12, N1/2NE1/4 and NW1/4.

T. 7 S., R. 23 E.,

sec. 7, lot 1, N1/2NE1/4, and NE1/4NW1/4;  
sec. 8, N1/2NE1/4 and N1/2NW1/4;  
sec. 9, N1/2NE1/4 and N1/2NW1/4;  
sec. 10, N1/2NE1/4 and N1/2NW1/4;  
sec. 11, N1/2NE1/4 and N1/2NW1/4;  
sec. 12, N1/2NE1/4 and N1/2NW1/4.

T. 7 S., R. 24 E.,

sec. 7, lot 1, N1/2NE1/4, and NE1/4NW1/4;  
sec. 8, N1/2NE1/4 and N1/2NW1/4;  
sec. 9, N1/2NE1/4 and N1/2NW1/4;  
sec. 10, N1/2NE1/4 and N1/2NW1/4;  
sec. 11, N1/2NE1/4 and N1/2NW1/4;  
sec. 12, N1/2NE1/4 and N1/2NW1/4.

T. 7 S., R. 25 E.,

sec. 7, N1/2NE1/4 and N1/2NW1/4;  
sec. 8, N1/2NE1/4 and N1/2NW1/4;  
sec. 9, N1/2NE1/4 and N1/2NW1/4;  
sec. 10, N1/2NE1/4 and N1/2NW1/4;  
sec. 11, N1/2NE1/4 and N1/2NW1/4;  
sec. 12, lot 1 and NW1/4NW1/4.

The areas described aggregate 1,118.6 acres. The ROW is 250-foot wide by 37.0 miles in length.

Right-of-Way Maps

Exhibit B

Right-of-Way Maps

Exhibit B

**Stipulations**

**Exhibit C**

1. The Authorized Officer retains the right of access to the lands included within the right-of-way at any time and may enter any facility on the right-of-way in accordance with 43 CFR 2805.15(a). The Holder shall pay monitoring fees in accordance with 43 CFR 2805.16 for the reasonable costs incurred in the inspection and monitoring of construction, operation, maintenance, and decommissioning of the right-of-way.
2. This instrument is issued subject to valid existing rights in accordance with 43 CFR 2805.12 and 43 CFR 2805.14. Failure of the Holder to comply with applicable law or regulations or any terms, conditions, or stipulations of this instrument shall constitute grounds for suspension or termination thereof. The Authorized Officer may change the terms and conditions of this instrument as a result of changes in legislation, regulations, or as otherwise necessary to protect public health or safety or the environment in accordance with 43 CFR 2805.15(e).
3. The Holder shall perform all operations in a good and workmanlike manner so as to ensure protection of the environment and the health and safety of the public, consistent with the right-of-way stipulations and approved Plan of Development (POD), so as to ensure protection of the environment and the health and safety of the public. The Authorized Officer may order an immediate temporary suspension of operations, orally or in writing, in accordance with 43 CFR 2807.16 to protect public health or safety or the environment if the Authorized Officer determines that the Holder has violated one or more of the terms, conditions, or stipulations of this instrument. An immediate temporary suspension order is effective until the Holder receives a written Notice to Proceed (NTP) from the Authorized Officer.
4. Failure of the Holder to comply with any diligent development provision of this instrument, or the Holder's abandonment of the right-of-way, may cause the Authorized Officer to suspend or terminate the authorization in accordance with 43 CFR 2807.17 - 2807.19, and use the posted Performance and Reclamation bond to cover the costs for removal of any equipment and/or facilities. The Authorized Officer will provide the Holder a written Notice of Failure to Ensure Diligent Development prior to the suspension or termination of the authorization. The Holder will be provided an opportunity to correct any noncompliance in accordance with 43 CFR 2807.18 or submit a written request to the Authorized Officer for an extension of the timelines in the approved POD.
5. This grant or permit may be assigned consistent with the regulations in 43 CFR Part 2800, but all assignments are subject to approval by the Authorized Officer. In addition, the qualifications of all assignees must comply with the requirements of the regulations in 43 CFR Part 2800. A partial assignment of this instrument shall not be approved if such action would hinder the Authorized Officer's management of the authorization or the associated public lands.
6. Upon the request of the Authorized Officer, the Holder shall provide access to environmental, technical, and financial records, reports, and other information related to construction, operation, maintenance, and decommissioning of the facilities on the right-of-way. Any information provided to the Bureau which is marked confidential or proprietary will be kept confidential to the extent allowed by law. Failure of the Holder to cooperate with a request from the Authorized Officer for records, reports, or information may, at the discretion of the Authorized Officer, result in suspension or termination of the right-of-way grant in accordance with the regulations in 43 CFR Part 2800.
7. A bond or multiple bonds acceptable to the Authorized Officer shall be furnished by the Holder prior to issuance of the NTP. There may be separate bonds for cultural resources mitigation, construction, reclamation, and decommissioning. The amount of the bond shall be determined by the Authorized Officer after review and approval of a reclamation cost estimate (RCE), prepared by a Reclamation

**Stipulations**

**Exhibit C**

Specialist, and furnished by the Holder. The RCE must be based on the following assumptions and conditions:

- The estimate must cover all relevant construction, operation, maintenance and reclamation identified in the POD;
- Costs must be estimated as if the BLM were hiring a third-party contractor to perform all required reclamation;
- Costs must include the use of offsite equipment as if the project area was vacated, and the estimate must include all associated mobilization and demobilization costs;
- The estimate must include, when applicable, all interim maintenance required to keep the project area in compliance with applicable safety and environmental requirements while contracts are developed and executed; and
- Labor costs must be based on federally mandated labor rates, as required by the Davis Bacon Act [40 U.S.C. 3141 et seq.] and the Federal Acquisition Regulations [43 CFR 22.403-1] for contracts over \$2,000. If the cost estimate is solely for the dismantling, demolition, or removal of improvements, then contracting is under the Service Contract Act [43 CFR 22.1002] and Davis-Bacon wage rates do not apply. If construction, alteration, or repair of the improvements is contemplated, even if such work is under a separate contract, then the Davis-Bacon wages apply (see [www.access.gpo.gov/davisbacon](http://www.access.gpo.gov/davisbacon)).

The estimate shall be prepared by a Reclamation Specialist either employed by or hired by the Holder. All costs of preparing and submitting this estimate shall be borne solely by the Holder. The RCE, along with inflationary estimates, shall be the basis for the bond amount and shall remain in effect for 5 years unless the Authorized Officer determines that conditions warrant a review of the bond sooner. Surface disturbing activities shall not commence until the Authorized Officer has accepted the bond and issued a NTP.

Acceptable bond instruments include cash, cashier's or certified check, certificate or book entry deposits, negotiable U.S. Treasury securities (notes, bills, or bonds) equal in value to the bond amount, surety bonds from the approved list of sureties (U.S. Treasury Circular 570) payable to the BLM, irrevocable letters of credit payable to the BLM issued by financial institutions that have the authority to issue letters of credit and whose operations are regulated and examined by a federal agency, or a policy of insurance. Such policy must provide BLM with acceptable rights as a beneficiary and be issued by an insurance carrier that has the authority to issue insurance policies in the applicable jurisdiction and whose insurance operations are regulated and examined by a federal or state agency.

The Authorized Officer will not accept a corporate guarantee as an acceptable form of bond. The Authorized Officer will review the bond on an annual basis to ensure adequacy of the bond amount. The bond will also be reviewed at the time of any assignment, modification, or renewal of this instrument. The Authorized Officer may increase or decrease the bond amount at any time during the term of the right-of-way authorization, consistent with the regulations.

The Holder agrees that any bond held as security for Holder's performance of the terms and conditions of this instrument may, upon failure on the Holder's part to fulfill any of the requirements herein set forth or made a part hereof, be retained by the United States to be applied as far as may be needed to the satisfaction of the Holder's obligations assumed hereunder, without prejudice whatever to any other rights and remedies of the United States.

**Stipulations**

**Exhibit C**

Should the bond delivered under this instrument become unsatisfactory to the Authorized Officer, the Holder shall, within 30 calendar days of demand by the Authorized Officer; furnish a new bond. In the event of noncompliance with the terms and conditions of this instrument, the BLM will notify the Holder that the surety or other bond instrument is subject to forfeiture and will allow the Holder 15 calendar days to respond before action is taken to forfeit the bond and suspend or terminate the authorization.

The Holder shall furnish a reclamation bond acceptable to the Authorized Officer to cover the costs of termination, decommissioning, and removal of the ROW facilities in the event the holder fails for whatever reason to comply with the terms, conditions and special stipulations of the grant or to renew the right-of-way at the end of its term. The amount of this bond will be based upon an estimate of full decommissioning, removal, and reclamation costs on BLM land. This bond shall be furnished to BLM no later than two years prior to expiration date of the ROW grant. This bond estimate shall be prepared by a Reclamation Specialist who is approved in advance by the Authorized Officer, and the estimate shall include all expenses related to the decommission, removal, and reclamation of the ROW grant on BLM land. All costs of preparing and submitting this report shall be borne solely by the Holder. If the ROW grant is renewed by BLM, the bond shall be terminated. If the grant is not renewed, BLM will hold the bond until reclamation acceptable to the Authorized Officer is completed.

8. The Holder will arrange and schedule a preconstruction conference(s) with the BLM Authorized Officer or his/her delegate(s) prior to the Holder's commencing construction and/or surface disturbing activities on the right-of-way or specific construction phase of the right-of-way. The Holder and/or his representatives will attend this conference. The Holder's contractor, or agents involved with construction and/or any surface disturbing activities associated with the right-of-way, will also attend this conference to review the stipulations of the authorization, including the PODs, as applicable. The Holder shall notify the Authorized Officer or his/her delegate(s) of the schedule for any preconstruction conference at least 14 calendar days in advance of the preconstruction conference. Preconstruction conferences are required for each construction spread and will involve BLM field offices located in the construction spread area.
9. The Holder shall designate a representative(s) who shall have the authority to act upon and to implement instructions from the Authorized Officer. The Holder's representative(s) shall be available for communication with the Authorized Officer within a reasonable time when construction or other surface disturbing activities are underway.
10. The Holder shall be bound by the Reasonable and Prudent Measures and Terms and Conditions contained in the Biological Opinion for listed and proposed species associated with this project signed by the US Fish and Wildlife Service on August 25, 2016. Failure to comply with the requirements of the Biological Opinion shall be cause for suspension or termination of the right-of-way grant.
11. Any cultural and/or paleontological resource (historic or prehistoric site or object) discovered by the Holder, or any person working on its behalf, on public or Federal land shall be immediately reported to the Authorized Officer or his/her delegate. The Holder shall suspend all activities in the immediate area of such discovery until written authorization to proceed is issued by the Authorized Officer or his/her delegate. An evaluation of the discovery will be made by the Authorized Officer or his/her delegate to determine appropriate actions to prevent the loss of significant cultural or scientific values. The Holder will be responsible for the cost of evaluation and any decision as to proper mitigation measures, made by the Authorized Officer or his delegate after consulting with the Holder.

**Stipulations**

**Exhibit C**

The Programmatic Agreement requires the Historic Properties Treatment Plan (HPTP) for each state to include provisions for the discovery and treatment of previously unidentified cultural resources and the discovery of human remains. In the event of discoveries of previously unidentified cultural resources and/or the discovery of human remains, the Holder will follow the process described in the HPTP for each state. If human remains are discovered, the BLM will follow the provisions of applicable state and local laws and Native American Graves Protection and Repatriation Act (NAGPRA, 25 U.S.C. § 3001), pursuant to a Plan of Action that will be included in each state's HPTP. All work within 200 feet of the discovery (300 feet on Moapa tribal lands) will cease, and the Holder will protect the discovery, as directed by the Plan of Action. The Holder will follow the procedures for the discovery of human remains that will be developed in consultation with Consulting Parties prior to issuance of any NTP. The procedures will also address curation and repatriation.

The Holder shall immediately notify the Authorized Officer of any paleontological resources discovered as a result of operations under this authorization. The Holder shall suspend all activities in the immediate area of such discovery until notified to proceed by the Authorized Officer, and shall protect the locality from damage or looting. The Authorized Officer will evaluate, or will have evaluated, such discoveries as soon as possible, but not later than 5 working days after being notified. Appropriate measures to mitigate adverse effects to significant paleontological resources will be determined by the Authorized Officer after consulting with the Holder. The Holder is responsible for the cost of any investigation necessary for the evaluation and for any mitigation measures, including museum curation associated with assessing the investigation. The Holder may not be required to suspend operations if activities can avoid further impacts to a discovered locality or be continued elsewhere; however, not suspending operations must be approved by the Authorized Officer.

12. The Holder shall provide to the BLM, proof of permit issuance for the appropriate portion of the Project area under Sections 401, 402, and 404 of the Clean Water Act, and any other needed federal permits. Failure to comply with this requirement or the requirements of any federal permit shall be cause for suspension or termination of this right-of-way grant.
13. Unless otherwise agreed to in writing by the Authorized Officer, power lines shall be constructed in accordance with recommendations outlined in "Suggested Practices for Avian Protection on Power Lines", APLIC 2006. The Holder shall assume the burden and expense of proving that pole designs not consistent with the above publication will protect birds from electrocution. Such proof shall be provided by a raptor expert approved by the Authorized Officer. The BLM reserves the right to require modifications or additions to all power line structures placed on this right-of-way, should they be necessary to ensure the safety of large perching birds. Such modifications and/or additions shall be made by the Holder without liability or expense to the United States.
14. Evidence of the Public Land Survey System (PLSS) and related Federal property boundaries will be identified and protected prior to commencement of any ground-disturbing activity. This will be accomplished by contacting BLM Cadastral Survey to coordinate data research, evidence examination and evaluation, and locating, referencing or protecting monuments of the PLSS and related land boundary markers from destruction. In the event of obliteration or disturbance of the Federal boundary evidence the Holder shall immediately report the incident, in writing, to the Authorized Officer. BLM Cadastral Survey will determine how the marker is to be restored. In rehabilitating or replacing the evidence, the Holder will be instructed to use the services of a Certified Federal Surveyor (CFedS),

**Stipulations**

**Exhibit C**

procurement shall be per qualification based selection, or reimburse the BLM for costs. All surveying activities will conform to the Manual of Surveying Instructions (Manual) and appropriate State laws and regulations. Local surveys will be reviewed by Cadastral Survey before being finalized or filed in the appropriate State or county office. The Holder shall pay for all survey, investigation, penalties, and administrative costs.

15. Use of pesticides and herbicides shall comply with all applicable Federal and State laws. Pesticides and herbicides shall be used only in accordance with their registered uses within limitations imposed by the Secretary of the Interior. Prior to the use of the pesticides, the Holder shall obtain from the Authorized Officer, written approval of a Pesticide Use Proposal Plan showing the type and quantity of material to be used, pest(s) to be controlled, method of application, locations of storage and disposal of containers, and any other information deemed necessary by the Authorized Officer.
16. Only those chemicals (pesticides and herbicides) listed on the BLM approved label list are authorized for use on public lands. A Pesticide Use Proposal must be submitted for each chemical used, and it cannot be used until approval has been obtained in writing from the Authorized Officer. The proposal needs to identify any surfactant& or dyes used in the spraying operation. Applicator(s) of chemicals used must have completed pesticide certification training and have a current up to date Certified Pesticide Applicator's License. Pesticide and herbicide application records for the areas and acres treated must be submitted to the Authorized Officer each year. This includes the following:

- Brand or Product name
- EPA registration number
- Total amount applied (use rate #A.I/acre)
- Date of application
- Location of application
- Size of area treated
- Method of treatment (air/ground)
- Name of applicator
- Certification number and dates
- Costs to treatment
- Amount of surfactants or dyes used in spraying operation

The record information must be recorded no later than 14 calendar days following the pesticide or herbicide application and must be maintained for ten years.

17. Construction sites shall be maintained in a sanitary condition at all times; c onstruction-related waste materials at construction sites shall be disposed of promptly at an appropriate waste disposal site. 'Construction-related waste' includes, but may not be limited to, human waste, trash, garbage, refuse, oil drums, petroleum products, ashes, and equipment on the right-of-way and on all roads and sites associated with the right-of-way.
18. The Holder shall comply with all applicable Federal, State and local laws and regulations, existing or hereafter enacted or promulgated, with regard to any hazardous materials, as defined in this paragraph, that will be used, produced, transported or stored on or within the right-of-way, or used in the construction, operation, maintenance or decommission of the right-of-way or any of its facilities. 'Hazardous material' means any substance, pollutant or contaminant that is listed as hazardous under the CERCLA of 1980, as amended, 42 U.S.C. 9601 et seq., and its regulations. The definition of

## Stipulations

## Exhibit C

hazardous substances under CERCLA includes any 'hazardous waste' as defined in the RCRA of 1976, as amended, 42 U.S.C. 6901 et seq. and its regulations. The term hazardous materials also includes any nuclear or byproduct material as defined by the Atomic Energy Act of 1954, as amended, 42 U.S.C. 2011 et seq. The term does not include petroleum, including crude oil or any fraction thereof that is not otherwise specifically listed or designated as a hazardous substance under CERCLA section 101(14), 42 U.S.C.9601(14), nor does the term include natural gas. The Holder agrees to indemnify the United States against any liability arising from the release of any hazardous substance or hazardous waste (as these terms are defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. 9601, et seq. or the Resource Conservation and Recovery Act of 1976, 42 U.S.C. 6901 et seq.) on the right-of-way (unless the release or threatened release is wholly unrelated to the right-of-way Holder's activity on the right-of-way). This agreement applies without regard to whether a release is caused by the Holder or its agent, or unrelated third parties.

19. The Holder will comply with all applicable federal laws and regulations existing or hereafter enacted or promulgated. In any event, Holder(s) will comply with the Toxic Substances Control Act of 1976, as amended (15 U.S.C. 2601, et seq.) with regard to any toxic substances that are used, generated by or stored on the right-of-way or on facilities authorized under this right-of-way grant (See 40 CFR, Part 702-799 and especially, provisions on polychlorinated biphenyls, 40 CFR 761.1-761.193.) Additionally, any release of toxic substances (leaks, spills, etc.) in excess of the reportable quantity established by 40 CFR, Part 117 will be reported as required by the Comprehensive Environmental Response, Compensation and Liability Act of 1980, Section 102b. A copy of any report required or requested by any federal agency or state government as a result of a reportable release or spill of any toxic substances will be furnished by the Holder to the Authorized Officer concurrent with the filing of the reports to the involved federal agency or state government.
20. Within 120 calendar days of completion of construction, the Holder shall submit to the Authorized Officer, as-built drawings and a certification of construction verifying that the facility has been constructed in accordance with the design, plans, specifications, and applicable laws and regulations. Within 90 calendar days of construction completion, the Holder shall provide the Authorized Officer with data in a format compatible with the BLM's Arc-Info Geographic Information System to accurately locate and identify the right-of-way.

Acceptable data standards are:

Corrected Global Positioning System files with sub-meter accuracy or better, in UTM NAD 83; Zone 12. Data may be submitted in any of the following formats: ARCGIS interchange, shapefile or geodatabase format, CD ROM in compressed or uncompressed format.

All data shall include metadata for each coverage, and conform to the Content Standards for Digital Geospatial Metadata Federal Geographic Data Committee standards.

21. The Holder will be held strictly liable for all fire suppression costs resulting from fires caused by construction, operations, or maintenance. The Holder shall comply with all guidelines and restrictions imposed by agency fire control officials.

The following fire prevention measures shall be implemented by the Holder or its contractor during construction:

- Maintain a list of all relevant firefighting authorities near the project site.

**Stipulations**

**Exhibit C**

- Have and maintain available fire suppression equipment in all construction areas, including but not limited to: water trucks, potable water pumps, and chemical fire extinguishers. Ensure an adequate supply of fire extinguishers for welding and brushing crews;
  - Include mechanisms for fire suppression in all heavy equipment, including fire extinguishers and spark arresters or turbo-charging (which eliminates sparks in exhaust);
  - Remove any flammable wastes generated during construction on a regular basis;
  - Vegetation clearing shall be accomplished in a manner that reduces vegetation and does not create a fire hazard;
  - Store all flammable materials used at the construction site in nonflammable containers; allow smoking only in designated smoking areas; and
  - Require all work crews to park vehicles away from flammable vegetation, such as dry grass and brush. At the end of each workday, heavy equipment should be parked over mineral soil, asphalt, or concrete, where available, to reduce the chance of fire.
22. During conditions of extreme fire danger, construction, operations, or maintenance activities shall be limited or suspended in specific areas, or additional measures may be required by the Authorized Officer or his/her delegate.
23. The Holder shall fund, in accordance with 43 CFR 2805.16, a third party Compliance and Inspection Program as deemed necessary by the Authorized Officer to ensure compliance with the terms, conditions, and stipulations of this right-of-way grant and applicable laws and regulations.
24. Any change of condition or variance to the right-of-way or PODs must be authorized by a written Change of Condition or Variance approval by the Authorized Officer or his/her delegate prior to the initiation of any construction or other surface disturbing activities related to that change or variance. Each Change of Condition or Variance shall authorize construction or use only as therein expressly stated and only for the particular location and use therein described. All Changes of Condition and Variances are subject to such terms and conditions as deemed necessary by the Authorized Officer at the time of approval. Approved changes authorize construction or use only as therein expressly stated and only for the particular location, phase, area, or use described. The Authorized Officer may by written notice suspend or terminate in whole or in part any change of condition/variance which has been approved, when in the Authorized Officer's judgment, unforeseen conditions arise which result in the approved terms and conditions being inadequate to protect the public health and safety or to protect the environment.
25. The Holder's Environmental Compliance Management Plan framework (ROD POD Appendix G) will be finalized in the NTP process with additional detailed reporting requirements, assistant Compliance Inspection Contractor, Compliance Inspection Contractor field Monitors, Construction Contractor's Environmental Training Coordinator, additional details regarding Problem Areas, Noncompliance, response to noncompliance, temporary suspensions and work stoppage orders, variance procedures, including the addition of typical examples of Level 1, 2 and 3, additional detail regarding each level approval and denial processes, additional daily reporting requirements and additional detail regarding communication requirements and final reporting.
26. Construction-related traffic shall be restricted to routes approved by the Authorized Officer or his/her delegate. New access roads or cross-county vehicle travel will not be permitted unless prior written approval is given by the Authorized Officer or his/her delegate. Authorized roads used by the Holder shall be rehabilitated or maintained to pre-construction conditions when construction or maintenance

**Stipulations**

Exhibit C

activities are completed as approved by the Authorized Officer or his/her delegate.

27. Prior to termination of the right-of-way, the Holder shall contact the Authorized Officer to arrange a pre-termination conference. This conference will be held to review the termination provisions of the grant.
28. The Holder will pay monitoring fees to the BLM pursuant to the provisions of 43 CFR 2805.16 to support the reasonable costs for BLM compliance of the terms, conditions and stipulations of this instrument. These monitoring fees will be assessed through a cost reimbursement agreement with the BLM.
29. The placement of Holder's transmission facilities shall be consistent with the coordinated alignments map submitted by TransWest Express LLC (Holder), Great Basin Transmission LLC, and Silver State Energy Association on February 12, 2015, except as otherwise mutually agreed by those entities.
30. The Holder shall apply acceptable guy wire sleeve marking on BLM lands in open OHV use areas where there is a high volume of recreation before an NTP is issued. Finalization of locations within Field Offices will be included in the NTP POD. Additionally, the structure requirements discussed in the ROD for specific OHV areas will be implemented. Please see the structure types discussion found in the Decisions section of the ROD for a detailed description on structure type requirements to minimize impacts to wildlife and motorized recreation.
31. The Holder shall complete final engineering and siting that maximizes efficient use of available space within corridors with proximity to existing transmission given consideration. BLM will issue a NTP after reviewing and accepting the final engineering and siting.
32. The wilderness characteristics benefitted by compensatory mitigation described in the ROD will be adaptively managed, maintained and monitored by the Holder or an approved third party according to BLM standards for the duration of the impact from the project. BLM will issue the NTP after reviewing and accepting a plan containing the above requirements. An acceptable plan will contain details regarding how funding will be administered and identify specific details including additional National Environmental Policy Act (NEPA) compliance that may be required to complete the mitigation.
33. As a condition, in accordance with Section 9(a) of the National Trails System Act, the issuance of this grant, notwithstanding substantial interference with the nature and purposes of the trail (NTSA Sec. 7(c)), includes all identified NSHT-related proposed project design features, enhancement measures, mitigation, and historic property treatment plans. Additionally, the National Trail System components benefitted by compensatory mitigation described in the ROD will be maintained, monitored, reported upon, and adaptively managed by the Holder or an approved third party according to BLM standards for the duration of the impact from the project. BLM will issue the NTP after reviewing and accepting a plan containing the above requirements. An acceptable plan will contain details regarding how funding will be administered and identify specific details including additional NEPA that may be required to complete the mitigation.
34. For those segments in designated Critical Habitat for Mojave Desert tortoise where the TransWest Express Transmission Project will be co-located within existing developed transmission corridors, the NTP will require tubular self-supporting structures, unless BLM and the U.S. Fish and Wildlife Service (USFWS) determines that new information adequately supports the use of a different tower structure type. BLM and USFWS will consider any new scientific literature available prior to issuance of a NTP that addresses the spatial density of common raven and raptor nests and territories, and the potential for

**Stipulations**

**Exhibit C**

population-level effects to Mojave Desert tortoise associated with the construction of new transmission lines co-located with existing transmission lines in designated Critical Habitat for Mojave Desert tortoise. The Holder may choose to fund a third party to conduct relevant research, including reviewing any existing data regarding increases in raven nesting and predation as a result of the co-location of rights-of-ways, evaluating the effectiveness of installing tubular self-supporting structures to reduce raven nesting and predation, as well as initiating new research on this topic. The Holder will collaborate with the BLM and USFWS to develop and determine the appropriate research, data compilation, study design, methods, and interpretation of results. BLM and USFWS will evaluate the study design, methods, and results of such research, as well as other available peer-reviewed data and literature and will be responsible for their final approval. Based on its coordination with USFWS and review of this additional scientific, peer-reviewed information, BLM may modify the tower requirement for specific segments of these corridors to allow for guyed steel lattice or self-supporting steel lattice structures. If BLM determines the new data and literature warrants a change from the tubular self-supporting structures, BLM will reinitiate consultation with USFWS to analyze the new scientific information and modification of the action prior to issuing a NTP. BLM will also require an adequate and effective Predator Management Plan (PMP). The PMP will include a tower monitoring and early predator nest detection and removal plan in combination with guy wire marking and use of perch and nest deterrents on a site-specific basis. The PMP will provide for adequate adaptive management, detail and information that will be part of the POD and will be attached to the right-of-way grant.

35. The Holder is required to obtain a BLM permit for severance and removal of Forest products regardless of whether the Holder utilizes the trees or not. In certain instances permission may be granted to cut and stack, or to chip and scatter on the ROW for reclamation purposes. BLM will provide final requirements prior to any surface disturbing activity associated with construction through an NTP once BLM receives the final engineering for the project.
