Colorful Fruits

At child care, we include a variety of fruits at meals and snacks. We serve fruits because they:

• Add color, texture, and flavor to meals and snacks.
• Provide vitamins and minerals for your child’s growth and play.
• Provide fiber to help prevent constipation.
• Help your child learn healthy eating habits.

Recipe: Baked Sweet Potatoes and Apples

Baking apples and sweet potatoes together creates a tasty side dish that both kids and adults enjoy. Braeburn, Gala, Honey Crisp, Jonagold, or Jonathan apples work well in this recipe.

Directions

1. Preheat oven to 350 °F.
2. Lightly coat a medium baking dish (8-inch X 8-inch) with nonstick cooking spray.
3. In a medium bowl, combine brown sugar, cinnamon, and salt.
4. Toss sweet potatoes, apples, oil, and orange juice in the cinnamon-sugar mixture.
5. Place the sweet potato and apple mixture in the baking dish.
6. Cover with foil and bake for 40 minutes, or until the sweet potatoes are tender.
7. Serve ½ cup.
Try a Rainbow of Fruits

Encourage your child to try fruits of all different colors. There are fruits for every color of the rainbow.
