Coronavirus Disease 2019 (COVID-19)

Symptoms
Reported illnesses have ranged from mild symptoms to severe illness and death for confirmed coronavirus disease 2019 (COVID-19) cases.

Symptoms may appear 2-14 days after exposure*:

- Fever
- Cough
- Shortness of breath

Call your healthcare professional if you develop symptoms, and have been in close contact with a person known to have COVID-19 or if you have recently traveled from an area with widespread or ongoing community spread of COVID-19.

!*This is based on what has been seen previously as the incubation period of MERS-CoV viruses.
